

PIERCE FIGHTING.

Conflict Between Hungarians and Italians.

ALL KINDS OF WEAPONS USED

One Italian Killed, Three Others Fatally Injured and More Than a Dozen on Each Side More or Less Seriously Wounded—The Exact Number of Victims Can Not Be Ascertained.

HAZELTON, Pa., Oct. 18.—A conflict between Hungarians and Italians working on the strippings at Milnesville and Latimer Sunday resulted in the death of one Italian and the fatal injuring of three others, and the wounding of more than a dozen on both sides.

The Italians, who live at Latimer and the Hungarians at Milnesville, went down to the latter settlement and attacked the Hungarians. The Italians were repulsed and retreated toward their home, but when near Milnesville they made a bold stand and the fighting with all kinds of weapons began.

The Hungarians evidently had more firearms than their opponents, for when darkness came on and the fighting ceased, one Italian was dead, three others whose nationality could not be learned, were mortally wounded, while a dozen or more others were suffering from cracked skulls, gun shot wounds and stiletto stabs. It was an awful battle and attracted hundreds who stood at a distance and watched the slaughter.

The dead Italian is named Plutarke. The wounded Italians are: Antonio Marks, shot in the shoulder and cut about the head and face; two others, names unknown, dangerously wounded, one being shot in the groin and the other hacked about the body and neck. At least six others who were badly wounded were spirited away by their comrades to shanties in the mountains.

At Milnesville, John Ferrier, boarding boss, shot in the arm and cut about the head; George Ferrier, his brother, shot in the hip, the ball passing through his body, dangerous; Mike Brennan, cut about the head and neck; wounds serious but not fatal.

At the weigh scale, half a mile north of Farley's hotel, where Brennan was secreted after being wounded, he and other Hungarians, who present a horrible sight. They are cut from head to foot, large slices of flesh being clipped out of their faces, bodies and limbs. Their condition is critical.

When the fight was in progress one man with the scalp hanging over his face rushed to a small stream, replaced it, and endeavored to wash the blood from his eyes, but, already weakened by many wounds, he fell forward on his face. The exact number of victims cannot be told, but a conservative man who lives near is of the opinion that at least four men are dead.

FOOD ADULTERATION.

Efforts Being Made in Ohio to Stop the Nefarious Practice.

COLUMBUS, O., Oct. 18.—State Food and Dairy Commissioner McNeal returned yesterday from Dayton where he spent several days last week in prosecuting persons for violating the pure food laws.

He reports that he was successful, and secured the conviction of John K. McIntire, a leading wholesale grocer, who was fined \$50 and costs for selling adulterated "San Rise Coffee." C. E. Harley, secretary of the C. F. War company, who was assessed \$25 in costs for selling adulterated "Blue Label Coffee." Three other convictions were secured last week. Michael Donovan, J. G. Millen and John Hillmer, of Youngstown. The first two are hotel keepers and the last a restaurateur, and each was fined \$50 and costs for using oleomargarine without displaying the proper sign.

In the common pleas court here yesterday Judge Pugh in the case of the state against Williams Bros. and Charbonneau of Detroit, held as constitutional the law which prohibits the use of artificial coloring matter in the manufacture of vinegar. This is a signal victory for the state, as the food commissioner was embarrassed more by the vinegar adulterators than all others engaged in putting impure and unwholesome goods on the market.

STEAMSHIP WRECKED.

Many Lives Believed to Have Been Lost in the Chinese Sea.

HONG KONG, Oct. 18.—The Peninsular and Oriental steamship Bokhara has been totally wrecked. The steamship struck on Sand Island, of the group known as the Pescadore, or Fisher's islands, called Peng Hoo, by the Chinese, in the channel of Fokien, in the Chinese sea.

The weather was terrible, and the raging waters quenched the fires on the steamer. The steamer became unmanageable and sank, and the commander and a majority of the officers and crew were lost. Twenty-three persons only were saved. It is feared that those who were lost were mostly Europeans. The survivors will reach Hong Kong today.

Prominent Farmer Suicides.

MECHANICSBURG, O., Oct. 18.—Abner Stanley, a prominent farmer residing three miles south of town, created great excitement here yesterday evening by blowing out his brains with a shotgun. During the morning, Stanley and his son had a few words and the latter left home but returned just after his father's rash act.

Runaway Accident.

UPPER SANDUSKY, O., Oct. 18.—The horses driven by James Gordon ran away while he was returning home Sunday night. He was thrown violently to the ground and sustained injuries that caused his death within an hour.

REVOLUTION STILL REIGNS.

State of Affairs Exciting in the Argentine Republic.

NEW YORK, Oct. 18.—A cable to the Herald from Buenos Ayres, says there is reason to suspect that the crew of the Hulk of Rosario, from which a large quantity of powder was recently stolen by masked men, were in complicity with the robbers and that the powder was taken to be used in a revolutionary movement.

The government, it is said, proposes to disarm a large portion of the navy from motives of economy.

There is an open rupture now between President Pena and General Roca, and the dissatisfaction among the higher army officers is much increased owing to the elevation of Mitre to the chief command of the army.

Radical clubs are forming all over the country and are actively at work.

The governor of Entre Rios has succeeded through false telegrams in getting 400,000 pesos from the Banca Nacional. The government will take steps to punish him and also indict ex-minister of Finance Hansen.

CHINESE EXHIBIT.

If One Is Spent in Chicago It Will Be from This Country Only.

SAN FRANCISCO, Oct. 18.—The Call publishes a long interview with Yuck Chow, representative of the Chinese Six Companies to the world's fair, and agent of a syndicate of Chinese merchants in this country and China formed to make and conduct the exhibit of the Chinese nation. Yuck Chow claims that he has been discriminated against in favor of Mr. White, the Southern Pacific agent at Chicago for a Chinese exhibit.

Yuck Chow made serious reflection upon Secretary Crawford, of the world's fair ways and means committee. Chow says he is in correspondence with Secretary of State Foster regarding this concession, and understands he will investigate. Chow says Chinese merchants in this country and China will have nothing to do with the White scheme, and the consequence is that if there is a Chinese exhibit it will consist only of such curios as can be seen here in Chinatown.

BLAINE GOING TO WASHINGTON.

He May Write a Letter on the Political Situation.

NEW YORK, Oct. 18.—Mr. Blaine and Whitelaw Reid arrived at the Grand Central at 12:55 yesterday afternoon and were at once driven to the Fifth Avenue hotel. Mr. Reid subsequently informed the United Press reporter that the rumor that Mr. Blaine might write a letter was true. He said that Mr. Blaine would write one after he had reached Washington.

Mr. Reid also stated that he was at work on his letter of acceptance and added: "I will give it to the national committee this week. I go west this week but the letter may not be published until next week."

Shortly after Mr. Blaine's arrival Mrs. Mrs. Blaine arrived at the hotel. Mr. Walter Danrosch, Mr. Blaine's son-in-law, was on hand and greeted Mrs. Blaine. He also paid his respects to Mr. Blaine.

Flouring Mill Burned.

HILLSBORO, O., Oct. 18.—Fire broke out in J. M. Boyd & Company's large flouring mill, near the Baltimore and Ohio Southwestern depot here Sunday night at 8:4 and for a time threatened the destruction of that portion of the city. A water famine is prevailing and the fire department could do nothing. Boyd's mill and warehouse, with \$15,000 bushels of wheat and the office building, Richards' feed mill and several stables near by, were burned. The total loss is about \$80,000. The only insurance is held by J. M. Boyd & Company, who had \$30,000 on their mill.

Little Child Burned to Death.

CHICAGO, Oct. 18.—Thomas White, three years old, was fatally burned Saturday. A neighbor of the White family late in the afternoon set fire to a pile of rubbish in his yard and then left it. The infant saw the fire and wandered over to the blaze. While standing close to it his clothes caught fire and in moment he was a mass of flames. His cries attracted the attention of his relatives, who rushed to his aid and extinguished the fire. The little fellow died some hours later in dreadful agony.

Trying to Save Their Brother.

HUNTINGTON, W. Va., Oct. 17.—The two young sisters of Allen Harrison, who recently murdered a girl and who was sentenced to be hanged by Judge Harvey a few days ago, are circulating a petition to the governor to commute his sentence to life imprisonment. Though numbers have signed many have refused. If the executive does not interfere Harrison will be executed here on Nov. 23. It will be the first legal hanging in Cabell county.

Not Enough Room.

WASHINGTON, Oct. 18.—The postoffice department requires more room than has been assigned for it for the postoffice exhibit at Chicago. Third Assistant Postmaster General Hazen left for Chicago yesterday afternoon to try and obtain additional facilities for this purpose and incidentally to take in the opening ceremonies.

An Epidemic of Diphtheria.

PORTLAND, Ind., Oct. 18.—A telephone message at noon from Camden to the secretary of the board of health says that scarlet fever is epidemic there and that there are several serious cases. The schools have been ordered closed and the people are greatly frightened.

Run on a Bank.

SPRINGFIELD, O., Oct. 18.—There was quite a run on the Springfield Savings bank yesterday, caused by the filing last week of a suit for \$95,000 back taxes against the bank by Tax Shark Warwick. The bank had no difficulty in meeting its obligations.

BOGUS DISPATCH.

It Causes a Strike on the Atchison, Topeka and Santa Fe.

NINE HUNDRED MEN GO OUT.

The Entire Road Tied Up for Several Hours Until the Truth Is Known—The Men All Return to Work—Other Labor News.

TOPEKA, Kan., Oct. 18.—A bogus dispatch, purporting to come from Grand Chief Ramsey, of the Order of Railway Telegraphers, caused 900 operators and train dispatchers on the Atchison, Topeka and Santa Fe to desert their posts at 10 o'clock yesterday morning. The dispatch received here was as follows:

GALVESTON, Tex., Oct. 16. To All Operators and Dispatchers:

In view of the fact that the Gulf, Colorado and Santa Fe, is operated by the Santa Fe, it is thought best that all operators on the Santa Fe should go out as well as the company refuses to concede the conditions on the Gulf, Colorado and Santa Fe schedule. D. G. RAMSEY.

The walk-out resulted in the stoppage of all trains, and not a wheel was turned until the difficulty was settled.

General Manager Robinson in speaking of the unexpected strike said that it was all a mistake. He claimed that Chief Ramsey did not write the dispatch that resulted in the walk out, but that it was sent by an operator in Dodge City named Johnson who did it as a joke. He declared that as soon as the men could hear from Chief Ramsey that they would return to work.

There are twenty-five operators and several train dispatchers employed by the Santa Fe road at their headquarters in this city. After they had left their work they declined to make any statement for publication. They discredited the assertion made by General Manager Robinson that the dispatch ordering them out was a forgery.

At 8:10 last night the following message was received here bringing the strike to a sudden termination:

EMPORIA, Kan., Oct. 15. To All Operators and Dispatchers:

The message dated Galveston, Tex., Oct. 16, signed D. G. Ramsey, has been proven to be a bogus message. All members will return to work on receipt of this message. This does not apply to men on the Gulf, Colorado and Santa Fe. D. G. RAMSEY, J. D. SOMERS, Grand Chief.

The men all returned to work. General Manager Robinson said: "The trouble on the Gulf, Colorado and Santa Fe is over the company's rules and regulations and we did not expect the strike. I had expected to meet Ramsey to advise with him about that matter as soon as he could arrange a date."

The train dispatchers handled all passenger trains, live stock and perishable freight trains. All other trains were side tracked.

Missouri Pacific Telegraphers.

ST. LOUIS, Oct. 18.—The Missouri Pacific telegraphers, headed by Grand Chief Ramsey and Chairman Gillen, held another conference with George C. Smith, assistant general manager of the Missouri Pacific, beginning at 4 o'clock yesterday afternoon and lasting an hour. When the conference broke up a United Press reporter saw Mr. Ramsey, who said that the order was waiting to hear from Mr. Gould and that an answer was hourly expected. No ultimatum has been given to the Missouri Pacific. George C. Smith was also seen and said that the telegraphers had been reduced to about \$60,000 per annum and that he had recommended an advance of \$33,000 per annum.

Homestead Strikers Return to Work.

PITTSBURG, Oct. 18.—Eleven strikers, all skilled workmen, went back to work at the Carnegie Homestead mill yesterday.

ASSAULTED BY TRAMPS.

A Milkman Held Up and Robbed of Two Hundred Dollars.

PORT JERVIS, N. Y., Oct. 18.—Yesterday morning three unknown tramps assaulted a milkman named Ephraim Shay, from Sussex county, N. J., and robbed him of \$200. The daring assault on a prominent street in broad day light attracted a crowd and the tramps were hotly pursued to the Delaware river. One of the tramps was shot dead and the others were wounded, but they succeeded in swimming the river to a small island.

Chief of Police Yaples, with several officers and a number of citizens, went to the island on which the tramps had taken refuge, and searched fruitlessly for them for two hours or more. The island is in the state of Pennsylvania and therefore beyond the jurisdiction of the local police. Tramps have been a great nuisance in the vicinity of Port Jervis for some time past, but the events of yesterday have given them quite a fright and they have scattered in all directions. It is safe to say that the tramp fraternity will give this place a wide berth hereafter.

Old Man Shoots Himself.

ITHACA, N. Y., Oct. 18.—Charles Wismar, aged seventy-two, committed suicide last night by shooting himself. He went to the outhouse and placed the muzzle of a revolver in his mouth and sent a bullet through the upper part of his head. Sickness and despondency are supposed to have been the cause of the deed.

Senator Quay Not Feeling Well.

ROCHESTER, Pa., Oct. 18.—Senator Quay is at home in Beaver and complains of feeling unwell. He says that he is going to New York, but not until he feels better, and fixes no date for his trip. He says he has no appointment to meet Mr. Blaine, as has been reported in New York.

EN ROUTE TO CHICAGO.

Noted People Going to the World's Fair Dedication.

NEW YORK, Oct. 18.—The New York Central sent out its Chicago limited yesterday in two sections. The first section, carrying the regular passengers, among whom was Count Arco, of Berlin, who goes to attend the Columbian celebration at Chicago.

The second section is made up of special palace cars and will carry Vice President Morton and party and ex-President Hayes and party to Chicago via the Lake Shore and Michigan Southern. Governor Flower and staff also went on this train as far as Buffalo, where they will stop over night and leave via Michigan Central with Troop A of New York cavalry.

The vice presidential train was hauled by the New York Central's new monster engine No. 903, which has seven-foot drivers, is sixty feet long, fifteen feet high and weighs 230,000 pounds. This is the largest and fastest engine in the world and recently made a continuous run of seventy-six miles an hour with a heavy train.

A large number of manufacturers and business men from the central and western portion of the state will also leave today, and to-night the board of managers of the International league of press clubs will take the evening train via New York Central and Michigan Central for Chicago.

Ready to Leave Washington.

WASHINGTON, Oct. 18.—The cabinet, members of the supreme court and diplomatic corps will leave Washington today for Chicago, to attend the dedication of the world's fair buildings. Messrs. Ewing and Addison, representative of the Chicago directory, are here to accompany the distinguished visitors on the trip.

Each train will have a local representative abroad. Mr. Ewing will go with the cabinet and Vice President Morton; Mr. Wilkie with the justices of the supreme court, and Mr. Addison with the diplomatic corps. The trains will be run under the personal supervision of Mr. George W. Boyd, assistant general passenger agent, and Mr. E. A. Parke, district passenger agent of the Pennsylvania railroad.

CLEVELAND DECLINES.

The Ex-President Will Not Attend the World's Fair Dedication.

CHICAGO, Oct. 18.—Ex-President Cleveland will not participate in the Columbian exposition dedicatory exercises this week. In a letter received by the committee on ceremonies from him yesterday, Mr. Cleveland declined the invitation which the exposition officials had sent him to take part in the festivities, giving as a reason that he did not wish to gain any political advantage over an opponent who is detained by so sad a circumstance as that which keeps President Harrison from attending the exercises. The following is the letter:

NEW YORK, Oct. 13, 1892. Edward C. Culp, Secretary, etc.

MY DEAR SIR—My response to your courteous invitation to attend the dedication ceremonies of the world's Columbian exposition has been long delayed. I should be very glad to be present on this interesting occasion, and thus show my appreciation of its importance, if I could do so solely as an ex-president of the United States. I am sure, however, that this is impossible; and I am unwilling to undertake the trip, which, from beginning to end, despite all efforts on my part, would be regarded as a political tour, made by a candidate for the presidency.

My general aversion to such a trip is overwhelmingly increased in this particular instance when I recall the afflictive dispensation which detains at the bedside of his sick wife, another candidate for the presidency. I have thus frankly stated the reasons which constrain me to forego the satisfaction which the acceptance of your invitation would otherwise afford me. I hope in the light of a considerate and sympathetic sentiment, which ought to be felt by all our people, that these considerations will be deemed abundant justification of my action. Yours very truly,

GROVER CLEVELAND.

DEAD MAN SENT C. O. D.

The Parents Unable to Pay the Charges and Obtain the Body.

PITTSBURG, Oct. 18.—An affecting scene was witnessed at the Adams express office in this city yesterday. Edward Dougherty, of this city, was killed in Chicago Saturday by falling 138 feet off of the world's fair building. H. M. Ralston, a Chicago undertaker, prepared the body for burial and forwarded it to Pittsburgh C. O. D. The charges were \$138.25; \$110 for the undertaker and \$28.25 expressage.

Dougherty's parents are poor. When they called at the express office yesterday for the body they were astonished at the charges, they only having about \$10 to pay them. The corpse has laid at the express office ever since, while the Doughertys, heart broken, have been trying to raise funds for its release. Superintendent Glen, of the Adams Express company, telegraphed to Chicago to try and arrange with Undertaker Ralston and Miller Brothers, contractors, who employed Dougherty, to try and arrange to have the charges reduced or paid at Chicago.

CRISIS IN GERMANY.

The Emperor Signs Caprivi's Military Bill.

REICHSTAG TO BE DISSOLVED.

If the Measure Is Not Approved by That Body Its Members Must Step Down and Out—Other Dispatches from Across the Ocean.

BERLIN, Oct. 18.—The emperor has signed Count Von Caprivi's military bill and has empowered the chancellor to dissolve the reichstag in case it refuses to approve the measure. This step he took on Saturday after having read a long report on the bill from the chancellor. The additional annual expenditure required will be 57,500,000 marks.

Heretofore the unofficial estimate of the probable expense attendant upon the introduction of the two year service term have varied between 80,000,000 and 150,000,000 marks. A few exceedingly conservative men have estimated the expense at 60,000,000, but this figure was generally regarded as ridiculously low. The radicals, who are trying to precipitate a cabinet crisis and a dissolution on the issue of the bill, will be seriously embarrassed by the smallness of the increase, as they have been the loudest shouters for the two year term, and could never have had reasonable expectations of obtaining it at less cost than 55,000,000 or 60,000,000.

In a semi-official statement given out in Berlin on Oct. 6, the aim and genesis of the German army bill were described as follows: "When Count Caprivi was appointed imperial chancellor he found ready to his hand a detailed plan for increasing the armed forces of the empire whilst retaining the system of three years' service."

This scheme, which had been worked out by General Von Verdy, the war minister, and Count Waldersee, then at the head of the general staff, was to be carried out by degrees. Prince Bismarck also had given his assent. As Count Caprivi discovered that many difficulties presented themselves to the carrying through of this plan, after thoroughly satisfactory experiments had been made with various infantry regiments on the two years' system, the present bill was drawn.

Today the imperial chancellor, the minister of war and the chief of the general staff are as fully agreed upon their object and the means of obtaining it as Prince Bismarck. General Von Verdy and Count Waldersee formerly were. They do not consider the two years' system as the end, but as the means to the end. The chief ends in view are the enforcement of universal liability to service and the enrollment of a younger class of men than are at present as a rule with the colors.

The contents of the bill were made known to the Prussian council of ministers some months ago. The president of the Prussian minister thoroughly agrees with the chancellor as to the political necessity of the bill, and none of the ministers, not excluding the minister of finance, has raised any objections.

Cholera in Hamburg.

HAMBURG, Oct. 18.—Thirteen cases and three deaths constitute the cholera record in this city yesterday. The burials have numbered 118, and the number of patients in hospitals 581. In the last six weeks, according to the official report, there have been 17,964 cases, and 7,599 deaths.

The total of Emperor William's contributions for the relief of families and orphans since the outbreak of the plague is 50,000 marks.

A few fresh cases of cholera are reported from Altona and Blankenese.

Suffocated in a Sulphur Mine.

They have not returned and are supposed to have been suffocated. It is impossible to recover the bodies. No more persons are allowed to enter the mine.

White, the alleged correspondent in America of the Illustrated London News, who is said to have been arrested in New York on a charge of embezzlement preferred by his wife, formerly Mrs. Nagle, of Cheyenne, Wyo., is stated here to have no connection with the Illustrated London News. While, it is stated, he was formerly a canvasser for the American edition of the publication, his connection with it ceased long ago.

WEATHER INDICATIONS.

Generally fair on Tuesday with warm, southerly winds; cooler Wednesday.

REPUBLICANS can't fool workingmen with "juggled figures" and "cooked averages" any longer. The people have seen the G. O. P.'s free trade scarecrows so often that they are "on to 'em" now.

The dragging of Blaine into the campaign won't save Harrison and Reid. The "Plumed Knight's" friends can't forget that the little man in the White House "held the Maine statesman up by the collar and kicked him out of the Cabinet," to use the language of one of the President's henchmen.

REPUBLICAN papers are joyfully parading the statement that "Mrs. Lease has come out for Harrison." Many people may wonder who Mrs. Lease is, but they will probably not care much to know any more about her if they read Orator Ham's description of her. He solemnly declares that her face is so sharp he could "take her by the heels and split an inch oak board with it." No wonder the people down in Georgia refused to listen to her speeches.

WHAT would you think of a man if he, unsolicited, should urge you to make a race for office, and then turn about, enter the field himself as a candidate for the same position and try every way possible to defeat you? How do the public generally regard a man who will do a thing of that kind? That's the position the Republican nominee for Circuit Judge occupies in the present fight, and many of his friends are surprised that he should be guilty of such double dealing.

The secret ballot almost entirely puts an end to corruption at the polls, but Republican bootlickers are scheming to use money all the same in the coming election. In Montgomery County their workers are already offering Democrats \$10 to stay at home election day and not vote. This will result in one good thing, namely, it will bring every true Democrat to the polls. If you remain away, the natural inference your neighbors will draw is that you have basely bartered your vote for a few paltry dollars and proved traitor to your party.

The Public Ledger a few weeks ago insisted that it knew more about Colonel A. K. McClure's politics than any one else in this section. It insisted that the distinguished Philadelphian always voted the Republican ticket. A letter, however, from Colonel McClure to the editor of the BULLETIN was convincing proof that the editor of the Ledger didn't know as much as he imagined he did. The Ledger is now making light of Judge Gresham's conversion to Democracy, and says the eminent jurist hasn't voted for a Republican candidate for President since 1880. If that is true why did the Republicans want to nominate him in 1888? But suppose he hasn't voted for the G. O. P. since 1880, his big following have. This year, though, they will vote the other way, if half the reports are true.

THE WORKINGMEN.

Their State Alliance in New York Endorses Cleveland and Stevenson.

Reid Denounced—Ex-Governor Cox, of Ohio, a Distinguished Veteran, Follows Gresham.

ELMIRA, N. Y., Oct. 12.—Dr. John Creighton, State President of the New York State Workingmen's Alliance, presided at the second annual conference of the executive committee of that organization, held here to-day.

As power has been vested in the committee for the selection or endorsement of candidates for President and Vice-President of the United States, the committee, after having thoroughly debated the merits and demerits of all the candidates in the field, decided, by a unanimous vote, to endorse the Democratic nominees, Cleveland and Stevenson.

Whitelaw Reid and his labor record were savagely denounced, these resolutions being adopted:

Resolved, That the New York Workingmen's Alliance take this method of denouncing the degrader and employer of "scab" labor, Whitelaw Reid, candidate for Vice-President of the United States, the enemy of the laboring classes and one who has shown a disposition to oppress and grind them down whenever an opportunity offered.

Resolved, That we condemn and denounce the said Whitelaw Reid as a dangerous enemy to the wage-earners of the United States for the reason that he has sold one dollar a day is enough for the workingman.

We recommend that a committee of five be appointed for the purpose of having his record printed and circulated among all the different labor organizations and clubs in the State of New York.

Resolved, That the secretary be authorized to communicate with all the Assembly District branches of the Alliance, notifying them of the action taken by the Executive Committee at their meeting in Elmira and instruct them to pass similar resolutions.

Cincinnati Post: "The announcement of the defection of Ex-Governor Jacob D. Cox from his party will be a thunderbolt in the Republican camp. Judge Cox has been all his life a steadfast and consistent Republican, and his views have always been held in great respect by the leaders of the party. The distinguished gentleman has given intimation that he will next month cast his ballot for Cleveland and Stevenson, and when sought last evening by a Post emissary, declined to deny the assertion.

"Judge Cox's record is a noble one. He is a brilliant barrister, and served with distinction on the bench. At the opening of the civil conflict he enrolled in the cause and became a General in command of a brigade in General John C. Freeman's division, of West Virginia. He was afterwards with Grant, and served with the utmost distinction with the Army of the Potomac, notably at Antietam. During the latter '60s he was twice elected Governor of Ohio by the Republican party, and declined a renomination. General Grant upon his election to the Presidency, appointed the distinguished Ohioan Secretary of the Interior.

After a little more than a year's service in the Cabinet Judge Cox resigned. He had differed with the President as to his action in regard to the scandals that were beginning to eat the Grant administration into disrepute. Though taking no active part, no great political or meeting of the forces has been complete without the name of Jacob D. Cox in the list of officers.

A member of the State Republican Campaign Committee of Ohio is reported as saying: "There can be no doubt that Judge Cox's move will cause a great deal of unrest in the party ranks in Ohio, and will lose us some votes outside. I know of no man west of the Alleghenies whose desertion would more seriously affect us. First of all, his popularity in the Loyal Legion and Grand Army is unbounded, and some soldier votes will go with him, no doubt. Then there are thousands of graduates of the law school, of which he is Dean, who hold his views in reverence almost. They are located in all parts of the country, and many are local leaders in the politics of their cities and towns."

THE GAME LAW.

A Special Act Makes it Unlawful to Kill Quail in This County Until After November 15.

The statement has been published that it will be lawful to kill quail on and after October 20th—next Thursday. That is the prevailing impression, but sportsmen should not be in too big a hurry in oiling up their guns and loading their shells.

A special act passed by the Legislature two years ago makes it unlawful to kill quail until November 15th. This act applies only to this county, the title being "An Act For the Protection of Game in Mason County." It is chapter 305 of the acts of the last Legislature, and was approved March 22, 1890.

The penalty is a fine of not less than \$10 nor more than \$25 for each offense.

HON. J. M. MCGILLIRVAY, of McArthur, O., is the Democratic nominee for Judge of the Fourth Judicial Circuit composed of the counties of Brown, Adams, Highland, Scioto, Lawrence, Gallia, Meigs, Washington, Monroe, Athens, Hocking, Vinton, Ross, Jackson, Pike and Pickaway.

COLONEL GEORGE WASHINGTON.

Newport's Eloquent Lawyer to Speak in Maysville Next Thursday Night.

Every Democrat in Maysville should be at the court house next Thursday night. A meeting will be held for the purpose of perfecting an organization of the six precincts of this city. This is recognized as important. A perfect organization in each precinct will insure the polling of a full vote.

Colonel George Washington, of Newport, will be present and address the meeting on the issues of the campaign. Colonel Washington was a member of the late Constitutional Convention, and was recognized as one of the ablest men in that body. He is the author of the secret ballot system of the new Election law, and will probably devote part of his time to that subject. Colonel Washington is an eloquent speaker, and it will pay all to hear him. The public invited. Democrats are urged to turn out.

The "Burr Oak Single X Democratic Club" will hold a meeting at Key's school house to-morrow, Wednesday, night. Commonwealth's Attorney Sallee, will speak.

Meetings will be held also to-morrow night at Helena and Minerva to organize Democratic clubs. County Attorney Newell will speak at Helena, and Judge Phister also, probably. C. L. Sallee and F. P. O'Donnell will speak at Minerva. Let every Democrat turn out. The public invited.

Death of Mrs. Thomas Gilmore.

Mrs. Thomas Gilmore, whose illness was mentioned yesterday, died last evening at the home of the family in Hinton, W. Va., where Mr. Gilmore holds a position on the C. and O. She was stricken down with typhoid fever a week or so ago, and had been in a critical condition for several days. The remains will be brought here this evening, and the funeral will be held at St. Patrick's Church to-morrow morning at 10 o'clock. Burial at Washington.

Deceased's maiden name was Elizabeth Burns. She was a devout Catholic—an estimable christian woman. At Covington a year ago next Friday she was united in marriage to Mr. Gilmore. Her husband and a bright little babe two months old survive her. She had a number of relatives and many warm friends in this city whose sincere sympathy goes out to the bereaved ones in their great loss.

HENRY P. GAULT, whose home is near Murphysville, was adjudged of unsound mind yesterday.

THE Register says six colored men joined the McCreary Democratic Club at Richmond at one time; also that a number of "dyed-in-the-wool" Republicans have joined the Democratic clubs of Madison County and say they intend to vote the straight ticket.

EX-GOVERNOR MCCREARY did not speak in Maysville Saturday night simply because he wished to spend Sunday with his family at home, and to do that it was necessary for him to take the westbound F. & V. Saturday afternoon. The ex-Governor is all right.

SAID a man yesterday: "Republican papers must take the people for a lot of fools and ignoramuses. There was a time when many allowed themselves to be hoodwinked and frightened into voting for the G. O. P., but they have been fooled once too often. Scarecrows and misrepresentations don't go in this campaign."

SAVS the Kentuckian: "A party of Paris gentlemen at Grand Lodge, I. O. O. F., at Covington last week, went to see the "Ole Olson" company at Havlin's, in Cincinnati, and they speak in the highest praise of the entire company." "Ole Olson" will be the attraction at the opera house Thursday night. Securo tickets at Nelson's.

THE Frankfort correspondent of the Courier-Journal says: "Chief Justice Holt of the Court of Appeals, is in from a several weeks' electioneering tour in his district. He is as brown as a berry, but Haggard, and while claiming to be confident of re-election, there is that about his appearance and claims to indicate that Judge Hazelrigg is giving him a great deal of uneasiness, and the race of his life."

THE Portsmouth Times has an interview with Jim Hannahs, an old-time riverman, about the cholera epidemic of 1849. He says: "At Maysville it was very bad, and there is something singular about that. The part of the town in which it was worst was the very place where you wouldn't expect it to visit at all. You have been to Maysville, and you know how nice and high the West End of the town lies. The houses are built on the hill side, and at that time were occupied by the better class of people, with pleasant grounds around them. There was no stagnant water, no hog pens, no poverty, yet everybody in that quarter had the cholera, and many died. It was thought the limestone water had something to do with it."

WORLD'S CHAMPIONSHIP BASE BALL.

The Series of Games Begun but Neither Club Secret.

CLEVELAND, Oct. 18.—The Cleveland and Boston clubs played eleven innings yesterday without making a run. Then it was found necessary to call the game on account of darkness. The hits made by either club were very few and the pitchers had by all odds the brunt of the battle to bear. Both were in great form, having speed, good control and plenty of curves.

Young pitched the entire eleven innings without giving a base on balls. While there was a lack of base hits there were several good fielding plays, the most conspicuous of which was a remarkably good running catch by McAleer. Long made a sensational fly catch and Davis some great stops at third. The first basemen of both clubs played their positions admirably. Zimmer and Virtue collided at one time while running for a fly ball and the latter was knocked down, but not seriously injured. The Boston found it impossible to steal bases on Zimmer, and the Cleveland got but one or two chances to try it on Kelly. The latter did not catch particularly well.

The nearest that either side came to making a run was in the ninth inning with Cleveland at the bat. The first man died out and then Burkett bunted the ball. He got to second on Davis' hot drive to right and McKean came to bat. With three balls and two strikes he made one of the hottest hits of the game, but drove the ball squarely into Long's hands and forced Davis out at second. In the meantime Burkett had gone to third and as Quinn held the ball tried to score. Kelly blocked him off the plate and on Quinn's throw caught him just about a foot away from the coveted goal.

Boston had a man as far as third base in the fourth and fifth innings and that was as near as they came to scoring during the game. A number of base ball celebrities were present from other cities. President Young saw the game and will be present at all matches played in the east. Attendance 5,800.

Complaint Against a British Officer.

SAN FRANCISCO, Oct. 18.—Captain A. J. Kustell, an American citizen, has forwarded to Washington a complaint against the treatment received at the hand of Captain Davis, of her majesty's steamship Royalist, the vessel which recently annexed the Gilbert islands. He was, he says, ordered on board the Royalist at Bulatitari and in five minutes was tried and convicted for assaulting a native nearly a year before. Captain Davis, he says, cursed the American and his countrymen like a pirate.

White Cap Outrage.

NEW ALBANY, Ind., Oct. 18.—Edward Henry, a resident of Greenville, twelve miles north of this city, was White Capped Sunday night for neglecting his family. The men were masked and forced an entrance into the house, and taking Henry out tied him to a post and gave him twelve lashes on the bare skin. Henry promised to be more attentive to the wants of his wife and children.

Death from Wrestling.

BOSTON, Oct. 18.—Dennis McCue died from injuries received Saturday afternoon in a friendly wrestling match with Daniel McDonald on the sidewalk, near the corner of Cambridge and Harding street, East Cambridge. McCue was thrown and in falling his head struck a wagon wheel. McDonald was arrested, but was released when it was found that the death was purely accidental.

The Ladies.

The pleasant effect and perfect safety with which ladies may use the California liquid laxative Syrup of Figs, under all conditions, make it their favorite remedy. To get the true and genuine article, look for the name of the California Fig Syrup Co., printed near the bottom of the package.

Dull Season Advertising.

There is an old German proverb, that reads, "Lang krankheit ist sicheher tott," which, transmogrified into plain United States, is "Long sickness issue death."

The merchant carrying a large stock, and every other merchant in corresponding ratio, can ill afford to see business lag for any unusual length of time; the fact of the matter is that when the lag begins the losses commence, and when the lag spreads over weeks or months, then the situation is becoming financially serious.

To every business man a dull season comes at some time in the year, and to all not at the same time. It is a trying period with most men, and many there be who fail to survive its stagnating effects. But the real, wide-awake thoughtful advertiser has a remedy even for the dull season.—Printer's Ink.

What the Philadelphia Press Says of Sadie Scanlan.

Sadie Scanlan, Erin's nightingale, will be at the opera house next Friday night. Here is what the Philadelphia papers say of her:

Miss Scanlan invested the character with a piquancy that at once attracted favorable attention.—Item.

Miss Scanlan has much personal magnetism, and is very piquant in appearance and manner.—Record.

A bewitching little body, who with her litching ways and smile, at once won the hearts of her audience.—Times.

Miss Scanlan is a sweet Irish lass who talks with a sweet, pure Irish brogue.—North American.

The large audience present were liberal in their applause.—Evening Star.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

Dr. G. O. Osobob,
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

Dr. J. F. KINCHLOE,
Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. Archer, M. D.,
111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as 'regular products,' yet we are free to confess that the merits of Castoria has won us to look with favor upon it."
